RESPONSE TO US PATENT OFFICE COMMUNICATION

Sir:

In response to the Patent Office communication mailed December 7, 2004, Applicants enclose a complete listing of all claims. Applicants understand from the Notice that there is ambiguity about claim 33. Applicants mean to cancel claim 33.

It is Applicants' understanding that Applicants need only submit the corrected section of the non-compliant amendment. Applicants are therefore submitting the entire "Amendments to the Claims" section but are not resubmitting the rest of the response.
